

20 cylindrical lithium iron phosphate batteries

Bioenno Power's 12V 20Ah LiFePO₄ battery (BLF-1220AS) delivers up to 480W with 30A discharge in a sealed ABS case. Lightweight, EMI-free, and ideal for avionics, solar, and field use.

WIDELY APPLICATIONS: Our cells can support multiple series ...

Based on the advanced technology and profound production ...

Individual pricing for large scale projects and wholesale demands is available. ...

This unit is a 100% safe and maintenance free lithium iron phosphate battery, our LiFePO₄ lithium battery guarantees the highest safety and eliminate the risk of fire.

Premium cylindrical LiFePO₄ cells with 3,000+ cycle life, fast charging, and superior safety. Available in 18650, 26650, 32650 formats for industrial applications, energy storage, and electric vehicles.

Power your RevoPower system with our premium 12V Lithium LiFePO₄ batteries, designed to meet the energy demands of homes, workshops, and off-grid systems. These batteries offer unmatched ...

Compared with other lithium-ion batteries, cylindrical lfp cells have higher safety, longer cycle life and better thermal stability, and are suitable for use in special industrial environments such as mines or ...

WIDELY APPLICATIONS: Our cells can support multiple series or parallel connections, which will be perfect for ebike battery and outdoor applications such as energy storage, camping, fish ...

Cylindrical design for easy integration, ideal for DIY or professional use. Whether for electronics, solar systems, or EVs, EVE C40 is your reliable energy source.

Individual pricing for large scale projects and wholesale demands is available. Applications: Power tools, gardening tools, electric two-wheelers, vacuum cleaner, sweeping robot, BESS, etc. Lithium batteries ...

Based on the advanced technology and profound production experience, we launched 46-series cylindrical cells and cylindrical LFP cells in 2021. In 2022, EVE launched a new generation of large ...

The tubular cylindrical shape can withstand high internal pressures without collapsing. Melasta produces multiple sizes and capacities according to the customer requirement.
