

60kW Modular Energy Storage Cabinet for Subways

Purpose-built for modern commercial and industrial applications, the SolaX AEILO-P60B100 combines a 60kW inverter with 100kWh of high-performance lithium iron phosphate (LFP) battery storage.

All-in-one, pre-assembled, scalable, battery energy storage system designed for commercial and industrial applications. Lion Energy offers a 10 year warranty on their commercial products that ...

The AceOn Stack 24-60kW 48-120kWh modular battery storage system is fully integrated with a 3 phase inverter that can operate on or off grid, up to 10 battery storage modules and an energy management ...

SigenStack features modular design, robust safety measures, and advanced operational efficiency, setting a new industry standard for easy installation, low maintenance, and intelligent ...

Integrated design with high power density, requiring minimal installation space and providing flexibility for various setups. Comprehensive safety features, including multi-level fire prevention and real-time ...

Featuring a 60kW PCS paired with 129kWh of LiFePO₄ battery storage, it delivers robust, efficient, and flexible energy management. This all-in-one cabinet design includes an integrated BMS and EMS, ...

The DEYE GE-FH60 is a 12-module LiFePO₄ cabinet that delivers 61.44 kWh at a nominal 614 V DC. Engineered for small-scale commercial and industrial storage, it combines an integrated ...

Sunwoda's OASIS 60 is a modular, high-performance battery energy storage system designed for commercial and industrial scale applications.

Efficiently store energy for commercial use with the SmartESS 60 kW/100 kWh system. Available now at EnSmart Power.

The SolaX ESS-AELIO is a high-performance C& I energy storage system featuring AFCI protection and IP55 rating. 50kW, 60kW are available, 100/200kWh. Contact us today!
