

# Bosnia and Herzegovina Communications Green Base Station Location

Will Bosnia & Herzegovina be covered by 4G?

The plan was that more than 40% of Bosnia and Herzegovina's territory would be covered by 4G networks in 2020 and 75% by 2024. The licenses also pointed that allocated frequencies for 4G would allow coverage of rural areas with lower population density, and operators will be able to plan the development of their networks more efficiently.<sup>23</sup>

What are the limits of electromagnetic fields for 5G in Bosnia & Herzegovina?

Bosnia and Herzegovina has no specific guidelines for the limit levels of electromagnetic fields for 5G yet, as only one operator started testing 5G networks, while others are focusing primarily on the continuity of 4G expansion in the country.
