For short camping trips, a lightweight power bank should be enough to keep your devices charged. For longer trips or photo gear, you'll need a high-capacity power bank and ideally also a ...

Discover which power banks survived rigorous camping tests to keep your devices charged for days in the wilderness.

Charge your phone in the great outdoors with a reliable, portable charging station. Powering your gadgets outdoors is a breeze with the right equipment. Choose from solar chargers ...

Power banks ensure that your devices won't run out of charge. However, in order to charge your devices on the go, your power bank itself has to be charged. Power banks can easily be charged with a laptop or wall socket. Once your power bank is fully charged, you can unplug it and use it again.

Quick Answer  
Option 1: Bring Extra Batteries  
Option 2: Power Bank  
Option 3: Power Station  
Option 4: Portable Solar Panels + Battery Storage  
Option 5: Your Car  
For short camping trips, a lightweight power bank should be enough to keep your devices charged. For longer trips or photo gear, you'll need a high-capacity power bank and ideally also a small solar panel for recharging it. If you are car camping long-term or have high power needs, then a power station plus solar panel setup will give you reliabl...
