

Shanghai Elecnova Energy Storage Co., Ltd. is a technology-based enterprise who focus on overall solutions for energy storage systems. Our company have the overall supporting capability for the ...

Explore the 372 KWh-1860 KWh Outdoor Cabinet Liquid Cooling Energy Storage System by Huijue Group, designed for high-efficiency energy storage, optimal thermal management, and reliable ...

The 372kWh LiFePO4 Solar Battery Storage Cabinet is a renewable energy commercial and industrial-scale intelligent energy storage system. Engineered with superior quality lithium iron phosphate ...

It integrates a high-voltage LFP battery with a capacity of 372KWh and a power rating of 150KW, making it suitable for both commercial and industrial applications. The system includes a Battery ...

Designed for industrial and commercial use, the BESS-372K liquid-cooled battery system delivers reliable 372kWh capacity. Featuring virtual synchronous technology and robust safety, it's ideal for ...

With our C& I battery storage systems, you don't have to be physically present to monitor your energy usage. Our cutting-edge technology allows you to configure and control the system locally or ...

Efficient 372KWH commercial energy storage system, ideal for peak shaving, backup power, and optimized energy management.

ECO-B372LS | SHANGHAI ELECNOVA ENERGY STORAGE CO., LTD. The liquid-cooled battery cabinet adopts advanced cabinet-level liquid cooling and temperature balancing strategy.

Huijue Group's industrial and commercial energy storage system adopts an integrated design concept, integrating batteries, battery management system BMS, energy management system EMS, modular ...

The GSL ENERGY BESS-372K is a 372kWh, 1331V liquid-cooled battery storage cabinet developed for commercial and industrial energy storage applications across the USA and Canada.
