

What is JA Solar?

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, commercial and utility projects. As one of the first suppliers with industrial PV production capacity, we took on a pioneering role at an early stage.

Are JA Solar panels a good choice?

Panels from JA Solar come at a relatively low price which makes it easier to replace broken modules. They are also sturdy and show great resilience in extreme weather conditions. One module can endure winds up to 210 mph in speed which is much higher than the wind speeds of an average tornado or a hurricane.

What bifacial solar modules do JA Solar offer?

From the all-black JAM54S31-405/MR residential model to the powerful JAM72D30-545/MB bifacial commercial ready module, we provide JA Solar solutions that combine cutting-edge technology with exceptional reliability. These modules feature advanced monocrystalline PERC technology and bifacial capabilities.

What is the output power of JA Solar panels?

The JA Solar monocrystalline solar panels found in our range provide an output power of 405, 550, or 460 W. JA TECH is an official distributor of photovoltaic panels manufactured by JA Solar. Become our partner too and get access to all the advantages of mutual collaboration.

JA is a solar panel manufacturer. On this page, you can find a complete list of solar panels from JA and compare models side-by-side.

Leading Solar PV Panel Manufacture now in India. Now get BIS Certified Solar System, PV Cells, and Other Solar Products at the best price.

JA TECH CO LTD 415W 420W 425W 430W 435W 440W JA Deepblue 3.0 Series P Type Monofacial Module, with higher power generation better LCOE, better temperature coefficient, lower LID and ...

JA Solar Panels JA Solar offers a comprehensive range of high-performance solar panels designed for diverse energy needs worldwide. From the all-black JAM54S31-405/MR residential model to the ...

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, ...

An overview of JA Solar - one of the world's largest photovoltaic companies. Take a look at popular Chinese solar panels and examine their performance, quality and warranty in detail.

The JA Solar monocrystalline solar panels found in our range provide an output power of 405, 550, or 460 W.

JA TECH is an official distributor of photovoltaic panels manufactured by JA Solar.

JA Solar, Africa's leading solar module supplier, dominates the continent's renewable energy market with its high-efficiency photovoltaic solutions. Renowned globally, the company powers ...

JA Solar is a global leader in vertically integrated photovoltaic manufacturing with in-house capability of producing wafers, cells and modules, primarily focusing on supplying modules. This ...

JA Solar's standard solar modules also come in a 60-cell or 72-cell count. Here is a table to outline the differences in power output and efficiency for these modules: Outside of power output ...
