

Mozambique's Energy Regulatory Authority (ARENE) is running a tender for the development of minigrids comprising of solar and battery energy storage systems (BESS).

On 14 September 2020, H.E. Filipe Nyusi, President of the Republic of Mozambique, Hon. Carlos Zacarias, the Minister of Mineral Resources and Energy and other distinguished guests ...

The 50 MW/200 MWh Cuamba Solar-Storage Hybrid Project demonstrates Mozambique's innovative approach. Commissioned in January 2025, this facility combines bifacial solar panels with nickel-rich ...

This info session aims to brief developers, independent power producers, financiers, and other stakeholders about upcoming solar and energy storage tenders in Mozambique under the GET FiT ...

The first solar power plant with an energy storage system in Mozambique was officially inaugurated on 14 September. Located in the province of Cuamba, Niassa district, the Teterane Power Plant ...

Discover how Mozambique is leveraging cutting-edge energy storage solutions to stabilize its grid and attract foreign investment. Explore market opportunities, technical innovations, and the role of ...

Summary: Mozambique is emerging as a leader in Africa's renewable energy transition through its ambitious wind and solar energy storage projects. This article explores the country's innovative ...

Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially underway. The plant supplies clean energy to ...

Mozambique is advancing its renewable energy initiatives with the launch of a significant new solar project. Developed by EleQtra, the project will install a total of 14 MW of solar power ...

The Ministry of Mineral Resources and Energy (MIREME) of Mozambique has announced the launch of a new tender for decentralized solar photovoltaic (PV) and battery energy storage system (BESS) ...
