

The Valletta Design Cluster within a historic XVII-century abattoir with the installation of Onyx Solar's crystalline silicon photovoltaic glass being particularly beneficial.

Maltha Glass Recycling, in collaboration with Saint-Gobain, has transformed recycled solar panels into flat glass as part of a pilot project. A total of 75 tons of solar panel glass recycled by Maltha was ...

Crafted with heat-treated safety glass, our photovoltaic glass provides the same thermal and sound insulation as traditional options, flooding spaces with natural light. Perfect for facades, curtain walls, and floors, our ...

Who are Float Glass Ltd? We are Malta's market-leading glass company. From cutting, polishing, beveling and engraving to etching and laminating, when it comes to glass, there's nothing we can't do! If you are looking or ...

The colours seen across the Valletta Glass collection are added through colour glass chips or powders. Upon blending and manipulating, using their expert glass-making skills, our Maltese glass makers create ...

Our solutions boost energy efficiency, lower costs, and reduce carbon footprints by converting sunlight into clean electricity and providing thermal insulation. We also offer tailored solutions for existing buildings, ...

Maltha Glass Recycling, a European leader in glass recycling and subsidiary of waste-to-product company Renewi, is proud to announce the success of a ground-breaking pilot test in collaboration with ...

The Valletta Design Cluster's XVII-century abattoir uses Onyx Solar's PV glass with a 12mm air chamber, enhancing insulation and generating 126Wp per glass unit

Since 2014, SolarTech has become the local market leader in the supply and installation of solar films. Apart from researching the best possible brands and products, it was evident that the installation team needed to ...

From crystalline silicon solar energy to thin-film solar cell technology, Xinyi Solar provides a complete product solution from solar photovoltaic glass and thin-film conductive glass, providing favorable support for effectively ...
