

North Macedonia installs solar energy storage power station

North Macedonia's 2026 plan includes 67 power plant projects of at least 1 MW each, for investments totaling an estimated EUR 3.74 billion, and 96 acceptable proposals for standalone and ...

China-based Cubenergy will provide the energy storage systems while YESS Power will manage all engineering, procurement, installation, and commissioning phases. This BESS project ...

The ministry approved 67 power plant projects, for facilities of at least 1 MW each, on a first-come, first-served basis. Another section is for co-located energy storage systems and ...

With 900 MW of installed capacity, North Macedonia's solar sector is scaling rapidly, while battery storage is gaining momentum. Find out more in our daily focus, 15-18 September.

Turkish company Fortis Energy has announced plans to integrate battery storage capacity at the Oslomej solar power plant, making it the second-largest hybrid power facility in the ...

Luxembourg-based Zen Energy Group has started the installation of a hybrid energy project in North Macedonia, combining a solar power plant and a battery energy storage system.

Completed in 2023, the FEC Novaci solar power plant is already a symbol of North Macedonia's renewable ambitions. Spanning 57 hectares, the plant boasts an installed capacity of 55 ...

Fortis Energy said it hired Pomega Energy Storage Technologies (PESS) to install a lithium ion battery energy storage system (BESS) of 62 MW in operating power. The capacity is 104 ...

Turkish renewable energy producer Fortis Energy said it ...

The battery storage system is expected to enhance the plant's efficiency by storing excess solar energy and improving grid stability. It is scheduled to begin operation in the second half of 2025.

Turkish renewable energy producer Fortis Energy said it has inked a \$19.65 million (18.7 million euro) deal with local energy storage specialist Pomega Energy Storage Technologies for the ...
