Otherwise, there are plenty of alternatives to solar panels on your roof if you can't afford it or prefer a different form of renewable energy. Here are some solar panel alternatives that can help ...

Between community solar, solar shingles, ground-mounted solar panels, and solar sheds or carports, there are several alternatives that let you benefit from solar without installing a rooftop ...

Solar Panels Installed on The GroundSolar Panels Installed on A Shed Or GarageSolar Panels Used as An Awning Or OverhangSolar Pergolas Or CarportsSolar TreeIs your home's roof oriented in a poor direction for solar? Does it get too much shade? Then ground-mounted arrays can be much more productive. So why not have backyard solar panels instead of roof-mounted ones? Any panels that go on your roof are limited by the roof's design. For instance, your roof may run east to west instead of north to so...See more on modernize
