

Buy or Invest in a Renewable Power Plant, Renewable Utility, Wind Mill, Solar Power Plant, Hydropower Plant or a Biomass Power Plant. Listed by Direct Business Owners & Business Brokers.

A new study reveals the country's buildings could generate vast amounts of solar power--enough to transform its energy landscape. But the national grid may not be ready for the full ...

And here's the kicker: Oslo's off-grid solar storage project isn't just surviving - it's thriving in conditions that would make most solar panels file for Arctic hardship pay.

Solcellespesialisten er Norges største leverandør av komplette solcelleanlegg til bolig, nærings, landbruk og solpark. I nettbutikken selger vi solcellepaneler, solcellemoduler, vekselrettere, montasjesystem ...

The solar power plant will be installed on one of Norway's largest and most complex logistics properties, under development by Logistic Contractor Norge AS (‘LC) and owned by Niam AS, supplying clean ...

Embracing solar power not only makes for a sound business proposition but also contributes to reduced emissions. All the above are key elements to consider both for landlords ...

The project is Norway's first large-scale solar power plant on a landfill site, and the very first major solar power plant in Western Norway. In June 2024, the project received a 30-year operating permit from ...

Built in the late 1970s and perched on over 1,000 square meters of Norwegian wilderness, this three-bedroom hideaway represents an authentic slice of Nordic cabin culture, complete with solar panels, ...

Receive a quote and order the solar system you have designed yourself, from a local company. We have a dealer network throughout Norway that installs solar systems where you live.

Because there are not many solar energy projects in Norway yet, developers of Norwegian solar energy projects are all the more relevant, which is why our team has compiled a list ...
