

The Mobil-Grid™ is the ideal solution for use in isolated areas, for large ground-mounted generators or for parks connected to the grid. For use on isolated sites, storage batteries can be supplied in a ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

Customers can customize power capacity, battery storage, inverter types, and auxiliary power sources like diesel generators or wind turbines to tailor the container for specific mission requirements.

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

Looking for clean, reliable power for islands or remote areas? GSL ENERGY offers custom island energy storage solutions with solar lithium battery systems. Perfect for island resorts, homes, schools ...

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel. Get your free quote today!

Explore our range of high-efficiency solar container solutions designed for businesses worldwide. Our containers combine cutting-edge technology with durability and ease of deployment.

Whether you need a compact 100 kWh container or a massive 5 MWh containerized battery, our systems are custom-built to your exact requirements. Scale your storage seamlessly with our ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and ...

If the BESS has insufficient power, the generator will be started to provide electrical energy to the load. After the utility power is restored, the system can be converted to grid-connected operation mode.
