

Our latest overview of the top 20 battery energy storage projects in Sweden reveals a market that has shifted from cautious pilot activity to industrial-scale deployment in barely two years.

Swedish energy storage company Ingrid Capacity, the market leader in the Nordics, secures approx. SEK 1bn of investments from BW Energy Storage Systems (BW ESS), a part of BW Group, to accelerate growth and ...

Just last month, Stockholm unveiled Northern Europe's largest lithium-ion storage array - 150 connected containers storing enough energy to power 45,000 homes during winter blackouts.

Sweden is a global leader in knowledge, investment, and innovation within smart energy. Our solutions for energy storage, sustainable production, and distribution are paving the way for a greener future.

Batteries are a crucial piece of the puzzle if we are to achieve Sweden's climate goals with net-zero emissions by 2045. Batteries enable the phasing out of fossil fuels and increase flexibility in the ...

In the city of Uppsala, Sweden, a possible solution is being developed, piloting one of Sweden's largest battery storages to meet the increased demand, enable continued expansion and mitigate increased capacity needs.

Since 2023, Ingrid Capacity has partnered with BW ESS to develop 14 large-scale battery storage projects at strategically selected locations throughout Sweden's electricity grid, situated in the ...

Swedish energy storage battery technology is characterized by innovative advancements, sustainability efforts, efficient use of resources, and a notable commitment towards reducing carbon footprints.

Together with Vattenfall and Landskrona Energi, Boliden, with the support of the Swedish Energy Agency, is conducting a two-year research project that has seen a battery storage facility installed at Boliden's Bergs&#246;e ...

Let's face it - when you think of energy innovation, Sweden might not be the first country that springs to mind. But hold onto your cinnamon buns, because this Nordic nation is quietly dominating Europe's smart energy ...
