

Last month, Tongwei and China Datang jointly inaugurated a high-altitude PV demonstration power plant in Derong County, Ganzi Prefecture, Sichuan Province (see China Solar ...

Based on the "5G+" digital management model, it is equipped with the most advanced production processes and equipment in the industry, and adopts Tongwei TNC and other technical routes to ...

Browse our complete catalog of Tongwei solar products including panels, inverters, batteries, and EV chargers. Each product listing includes detailed technical specifications, downloadable datasheets, ...

It is the first module project invested and constructed by Tongwei Co., Ltd. in Jiangsu and is currently the module base with the largest single-line capacity in the global PV industry, leading the industry in ...

Currently, Tongwei New Energy has developed and constructed 56 PV power stations based on "Fishery & PV Integration" in more than 20 provinces (municipalities) across the country including ...

As the sole representative in the photovoltaic industry, Tongwei has secured one of the first batch of national-level pilot-scale demonstration platforms!

After large-scale and intelligent transformation, it can support the establishment of 120-150GW PV power stations, while producing 10 million tons of healthy and high-quality Tongwei aquatic products annually.

Over the past three years, Tongwei has made a remarkable leap in the solar sector, shipping over 100GW of modules at record-breaking speed.

Smart Module By Tongwei Quality as deck, innovation as sail We ship reliable and advanced PV modules by virtue of leading modern intelligent manufacturing.
