

What insurance should be included in photovoltaic panels

Do you need solar panel insurance?

Although homeowners are likely to find it good value to incorporate solar panel insurance costs into their home insurance, you might need to take out business insurance or specialist solar panel insurance if you have a larger solar set up that's part of a money-making venture. What does solar panel insurance typically cover?

What is solar panel insurance?

Solar panel insurance is a type of coverage that protects homeowners who have installed solar panels on their property. This coverage is typically included in most homeowners insurance policies, which means that no separate solar panel insurance is needed.

Does homeowners insurance cover roof-mounted solar panels?

If you have roof-mounted solar panels, your homeowners insurance may cover them if they are damaged by a covered peril, such as fire or theft. However, some insurers may not cover wind or hail damage to roof-mounted solar panels. It is important to check with your insurance provider to see what is covered under your specific plan.

Are solar panels covered by insurance in 2025?

In 2025, some insurers in hail-prone areas have begun excluding or limiting wind and hail coverage for solar panels, requiring separate endorsements. The ownership structure of your solar system dramatically affects your insurance responsibilities and coverage options.
