

# Which common brand of photovoltaic panels is better to use

Which solar panel is best?

Maxeon Solar Technologies Maxeon's 440-watt solar panel is our pick for best overall. It's the most efficient panel at 22.8% and comes with the longest warranty (40-year performance and product warranties--15 years longer than the industry standard). Maxeon is the highest-rated solar panel on the EnergySage Marketplace.

What is the difference between a solar panel brand and a company?

Before we dive into the top brands, it's important to understand the difference between a solar panel brand and a solar company: **Solar Panel Brand:** These are manufacturers that design and produce solar panels (e.g., Maxeon, Canadian Solar, JinkoSolar). **Solar Company:** These businesses sell, install, and maintain solar systems.

Which Solar brand should you choose?

For those seeking peak efficiency and longevity, SunPower and LG Solar are industry leaders. If affordability is your priority, JinkoSolar, Canadian Solar, and LONGi offer excellent choices. Brands like REC Solar, Panasonic, and First Solar, meanwhile, cater to those with particular environmental or climate-related concerns.

What makes a good solar panel system?

The quality of the installation and other equipment (such as the inverter) also contribute to how good the solar panel system is overall. Price also varies depending on the solar panel brand and installer. The Which? members we surveyed owned solar PV panels from more than 20 different brands.
